

## Map, Directions, and CMU Festival Location

All storage, warm up and performances will take place in the South Campus.

- South East Corner of Grant and Shaftesbury
- 600 Shaftesbury Blvd.
- Buses and Festival vehicles are asked not to stay on the south campus lots.

They share the facility with several other groups and Parking on the South Campus is fairly reserved for staff and those with valid paid parking. The general parking is located on the north side of the north Campus (500 Shaftesbury). In this lot we can park long term (day) vehicles and any buses.

This is the best lot for adjudicators, instrument vans, large vehicles, volunteers, and others staying for the day. This document is intended to help you find your way to CMU for dropping off, picking up and parking. The drop off and pick up locations are not the same.

Drop off location is off of Shaftesbury and we will meet you by the entrance. Buses and vans can unload there and are then asked to depart the area. Parking for buses and other vehicles is available on the north campus.

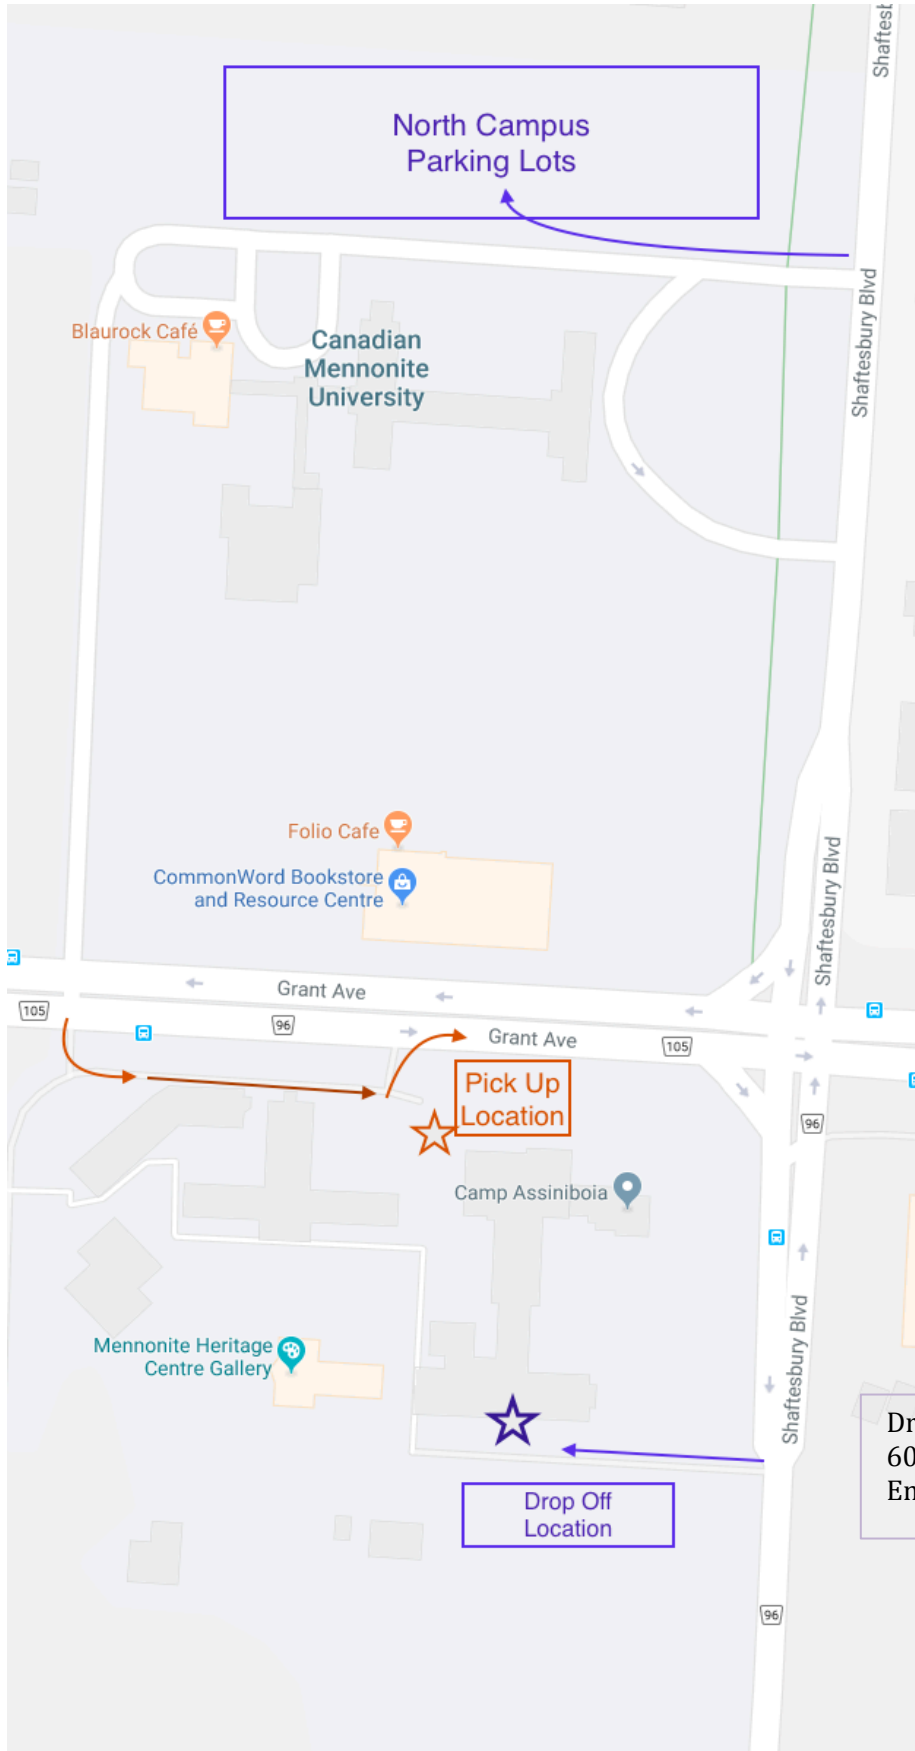

Walking from the north campus to the south campus, please follow the yellow arrows. As you leave the parking lot, enter the north campus building, and head for the Loewen Athletic Facility or Gym, you then exit the building just before the gym and walk outside and take the sidewalk south to Folio Café. When you reenter at Folio, head up the stairs, across the bridge, and then down the stairs and you will have crossed Grant Ave. in comfort. You will now be in the South Campus Building and our new Festival Facility. Walking time is about 12 minutes, and is a very lovely walk.

When you are departing, we are asking busses and vehicles to pick you up at the other end of the building, near Grant Ave.

We have 2 maps below to help guide you and your bus/van drivers to and from the festival site. Directors are encouraged to travel with their bus and not bring their own vehicle.

We are sure there will be numerous questions and each time we move to a new facility it can be a new learning curve for us all. We realize the facility is not ideal, and we will try our best to accommodate everyone's questions as fast as we can.

# Drop Off & Pick Up Maps

Pick up is off of Grant Ave.

Drop Off  
600 Shaftesbury.  
Enter off Shaftesbury
